Sherry noted that on the balance forward there was a clerical error last month of approximately \$68.00 so there is a slight difference in the amounts if you were to compare this month to last month.

The county's portion of the One-Cent Fund has an available balance of \$202,944.48.

Regional Transportation Fund 280 is down by 3.5% from last year for the same period. The Public Transit Fund 395. is down 8.5 % from the same period last year. The One-Cent Fund, which gives us a more accurate relationship with the gas taxes, without diesel, was down 3.6% over the same period last year.

The gallonage report shows there were 694,166 gallons of gas, and 631,215 gallons of diesel sold during February.

There was a discussion about the sales tax payments from the state, Sherry stated she was informed that the state has changed their accounting system. What the state is doing now is sending us what cash comes in and then at the end of the month they will give us sales tax figures. One report is accrual and one report is cash.
